Maverick Donald-Wright

has successfully completed the online Specialization

Statistics and Data Analysis with Excel

This Specialization certifies that the learner has developed essential skills crucial for today's dynamic job market. They have demonstrated proficiency in advanced statistical techniques and Excel-based data analysis, mastering the evaluation of complex data sets, the creation of dynamic visualizations, and the synthesis of predictive models. Through hands-on assignments using real-world data, they have gained the ability to apply their knowledge effectively, driving data-driven decisions and strategic insights across diverse professional contexts.

Assoc Prof Prashan S M
Karunaratne, PhD
SFHEA
Associate Professor
Department of Actuarial
Studies & Business
Analytics
Macquarie Business
School

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
